

Projects supported in 2024 under the Rapid response fund

Project's name	Organisation	Countries	Duration	Amount SEM (CHF)	Summary
Protection of Ukrainian Refugee Children, Youth and families in the Czech Republic	UNICEF Czech Republic	Czech Republic	7 months	218'491	The project aims to strengthen the protection and integration of refugee children and their families. To this end, UNICEF aims to strengthen the services provided in 18 support centres throughout the country and to build the capacity of the people working there.
Supporting integration of vulnerable asylum seekers, refugees and persons granted protection status in Poland	Polish Humanitarian Action (Polska Akcja Humanitarna - PAH)	Poland	10 months	339'939.18	The project aims to strengthen the integration and self-sufficiency of the most vulnerable refugees in Poland. It includes vocational training and access to employment. It also encourages community engagement, language proficiency, mental well-being and the development of strong social ties.
Expanded Legal Assistance for Refugees and Asylum Seekers in Poland	European Lawyers in Lesvos GmbH (ELIL)	Poland	24 months	462'757	The project offers free, specialised legal assistance to refugees, asylum seekers and people with temporary protection. The focus is particularly on vulnerable people. The aim is to improve access to legal assistance and asylum procedures and to increase the understanding of the asylum process for those affected.
Residential solutions network for migrants, refugees and asylum seekers	Provivienda	Spain	15 months	463'347.16	The aim of the project is to provide housing for migrants, asylum seekers and refugees and to help them integrate socially into the community so that they can start a new life. The project provides multiple solutions to existing social needs, specifically targeting residential exclusion and homelessness.
Supporting the protection and integration needs of vulnerable asylum seekers in Malta: a coordinated approach	JRS Malta Foundation	Malta	24 months	276'557	The project promotes the integration of vulnerable asylum seekers in Malta by combining the direct provision of services with the development of structures to improve networking and coordination between different service providers. In addition, the project involves local communities and diasporas in the services provided and strengthens their capacities.
